To Charleston Base USSVI Members,

I feel very strongly that you have the opportunity to voice your concerns and opinions on which direction our local organization should take. As you well know by now we have had a rocky few months with national.

The purpose of this letter is to give you a list of our opinions and the chance to voice your thoughts and recommend a course of action. Listed below are a couple of different opinions that were voiced. Please check which one is the closest to your own opinion. Also feel free to list any other opinion you may have.

Please print and sign your name and send this back no later than 30 November 2008

1. Leave things the way they are and continue on with business as usual.
2. Start a new organization and break away from the national organization.
