

Space A for DAV

On January 12, 2017, Senator Dean Heller of Nevada introduced S.116. This bill would permit veterans who have service-connected, total and permanent disabilities to travel on military aircraft in the same manner and to the same extent as retired members of the armed forces are entitled to such travel.

This bill would afford priority to totally disabled veterans for transportation on scheduled and unscheduled military flights within the continental United States and on scheduled overseas flights operated by the Air Mobility Command, on a space-available basis.
