

From our Victory House Representative, Theron Irving.

I went to the Victory House on Pearl Harbor Day to give the cash to LeeAnne. Had a great personal tour with her and there was a lot of people visiting. She lives in Summerville and commutes daily to the Victory House and would like to attend one of our get togethers @ the After Battery. She had sent the list but it got lost and I never received it. She was very appreciative for the cash and stated that our group never fails her. She is a great lady and very worthy of our support.

Thanks
Theron
